Dear Sir:

TERMINAL DISCLAIMER

Petitioner, Telefonaktiebolaget L M Ericsson, the owner of the entire right, title and interest in and to the invention claimed and disclosed in the above-captioned patent application by virtue of assignment, hereby disclaims the terminal part of any patent granted on the above-captioned application that would extend beyond the expiration date of the full statutory term, as presently shortened by any terminal disclaimer, of U.S. Patent No. 6,611,259. Petitioner

agrees that any patent granted on the above-captioned application will be enforceable only for

and during such period that the legal title to the patent is the same as the legal title to U.S. Patent

No. 6,611,259. Petitioner agrees that this agreement runs with any patent granted on the above-captioned application and is binding upon the grantee, its successors, or assigns.

Petitioner does not disclaim any terminal part of any patent granted on the above-captioned application that would extend to the full statutory term, as presently shortened by any terminal disclaimer, of U.S. Patent No. 6,611,259 in the event that any said patent later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term, as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

CERTIFICATION UNDER 37 C.F.R. 3.73(b)

I, the undersigned, certify that I am an individual empowered to act on behalf of Petitioner, Telefonaktiebolaget L M Ericsson, the Assignee of the entire right, title and interest of the above-captioned application by virtue of an Assignment from the inventor(s) of said application.

I further certify that I have reviewed documents in the chain of title of the patent application identified above, that the Assignment has been recorded in the U.S. Patent and Trademark Office at reel no. 011517, frame 0355, that I have reviewed the Assignment recorded at said reel and frame, and that to the best of my knowledge and belief title is in the above-noted Assignee.

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States

Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,

JENKENS & GILCHRIST, P.C.
